Step 1:

Request a Site Survey: EH!tel will coordinate a site evaluation.

Step 2:

Schedule an Installation to get installed and start surfing.

Installation consists of an outdoor receiver, sat mount, CAT5 cable & POE. Cable is run from exterior of premise and terminated inside. Evaluation will determine if there are installation surcharges and quoted accordingly for your approval. WiFi Routers may be purchased or rented. Conditions apply and posted on EH!tel's website.
